Grab a Slice.

Orange Research Group (ORG) is an innovative legal research laboratory that provides firms and corporations with advanced findings, editing, verification, data compilation, and information review services to help optimize litigation and contracts management.

## OUR TEAM

ORG offers intelligent solutions for business compliance and financial auditing by using a blend of people and technology to bring clients exceptional results.

Comprised of a diverse blend of highly-trained attorneys, financial and business professionals, statisticians, writers, and editors, we provide ripe analysis and seasoned recommendations to ensure client confidence and satisfaction.

## OUR SERVICES

Since 2014, ORG has successfully completed work on 500+ projects in the following areas:

- Information Review (Data Compilation and Reconciliation, Auditing)
- Legal and Business Research (Market Research, National and International Compliance)
- Corporate Legal Outsourcing (Contracts Management, Intellectual Property Support)
- Litigation Support (Document Review, Deposition Review, Trial Exhibits)
- Expert Testimony Review (Fact Checking, Copy Editing, and Legal Citation Standardization, Expert Testimony Comparisons)
- eDiscovery (Data Processing/Web Hosting, Managed Document Review)

## OUR WORKFLOW AND QUALITY CONTROL

Everyone at ORG is an employee and all projects are staffed based on qualifications and availability to guarantee standardization and high quality analysis. ORG utilizes a two-pass system, so that every stage of the review has at least two pairs of eyes.

The management team personally oversees every project and performs quality control checks prior to completion. We place a high emphasis on collaboration and has fostered an environment where all employees feel comfortable escalating issues to Managers and communicating with other people working on projects.

## COST AND TIME EFFICIENCIES

As anyone in business will tell you: *time is money*. At ORG we know this better than anyone and rely on our established and vetted procedures to bring clients high quality results at competitive rates.

Through our flexible staffing model, we are able to scale quickly from 1 to over 70 professionals to meet tough deadlines while effectively reducing the cost of services by over 60%.
